

A.L. Gullison DKI, is committed to protecting the privacy of its customers, potential customers, parties that it transacts business with, and individuals that may, from time to time, inquire about our products and services, via any means, electronic or otherwise. A.L. Gullison DKI remediates approximately 50,000 claims annually for the insurance and loss control industry and has thus become an integral part of the claims handling services offered by these companies.

Since a majority of A.L. Gullison DKI's work is assigned by insurance carriers, we feel that our privacy policy should compliment the requirements of insurance carriers as set out in the federal Personal Information Protection and Electronic Documents Act ("PIPEDA"), which sets out both the rights of consumers and the obligations of insurance carriers in protecting the personal information of their clients.
