

Disaster Restoration -- Wind Damage, Fire Damage, Water Damage, Vandalism Damage, Burglary Damage

A.L. Gullison DKI is committed to providing quality workmanship and services to its customers on a timely and professional basis. This is accomplished through our dedicated team of qualified professionals. From our state-of-the-art, in-house restoration equipment, to our certified team of trained staff, we are dedicated to providing prompt, professional service second to none.

Our 24/7 service guarantees you will see our team on the job immediately upon receipt of your request. We understand what Emergency Services require and promise to fulfill that urgent response in times of need. Providing 24/7 emergency service is only part of what we do. Restoration services include damage caused by fires, floods, winds, mould, vandalism, graffiti removal, vehicle impact, and structural collapse.

Our team of experienced, trained and IICRC (Institute of Inspection, Cleaning and Restoration Certification) certified technicians have the systems, tools, equipment, knowledge and expertise required to fully restore your property to its pre-loss condition and prevent further damage.

We work closely with you and your insurer to minimize the disruption to your life caused by the incident, while looking after all aspects of the project right down to the smallest detail.
