

Windstorm, hail and lightning storms can create massive destruction including severe roof damage. When wind or hail damage occurs to your home, immediate protection of your home and contents is essential. By contacting your insurance company and recommending A.L. Gullison DKI for your emergency service, you will be well on your way in getting your life back to normal.

A.L. Gullison DKI is always ready to respond immediately when disaster strikes. Our professional team is ready to respond to secure your property and prevent further damage. Services that are typically carried out include temporary heat and electrical, board up, tarping and water extraction, all aimed at reducing the extent of damages after a loss.
